

Introduction to State Space Models

Project Presentation

Vinay , Vaibhav Mahore , Shubhadeep Sing , Snehal Biswas

Indian Institute of Science, Bangalore

March 15, 2025

Outline

- 1 Introduction
- 2 Methodology
- 3 Implementation
- 4 Results
- 5 Future Work

Introduction

- Background of the problem
- Motivation
- Project objectives

- Data collection and preprocessing
- Model architecture
- Training approach
- Evaluation metrics

Implementation

- Technologies used
- Key algorithms
- Technical challenges
- Solutions implemented

- Model performance
- Key findings
- Comparative analysis
- Visualizations

Future Work

- Potential improvements
- Scalability considerations
- Additional features
- Research directions

Thank You
